Tel No: 260 1093 ; Fax No: 214 7115 ; BRN: C21183864

VACANCY

The Drains Infrastructure Construction Ltd (DICL) is a state-owned Company set up to fast track the implementation of the National Flood Management Programme across the island. It operates under the aegis of the National Development Unit (NDU) of the Ministry of National Infrastructure and Community Development and is inviting applications from suitable and eligible candidates for the post of **Civil Engineer**.

Remuneration: A package which shall be negotiable and commensurate with experience and qualifications of the selected candidate.

Terms of Employment: One year contract and renewable subject to satisfactory performance.

Qualifications, Experience and Key Competencies:

The candidates should:

- (i) be registered with the Council of Registered Professional Engineers of Mauritius.
- (ii) possess a Degree in Civil Engineering from a recognised institution or an equivalent qualification acceptable to the Company.
- (iii) reckon at least 2 years' experience in design/supervision of Civil Engineering Projects and at least 1 year in drainage related infrastructure projects.
- (iv) possess good organization, communication and leadership abilities.
- (v) be able to work under pressure and meet deadlines.
- (vi) be fully conversant with and able to operate engineering software packages.

Candidates should produce written evidence of knowledge claimed.

Role and Responsibilities:

The Civil Engineer will be responsible to the Technical Manager for the following and amongst others.

1. To be responsible for the implementation of projects within the organisation.
2. To design drain infrastructure and civil engineering projects.
3. To be responsible for the supervision, monitoring and general management of projects under his responsibility.
4. To coordinate with Consultants in the design and supervision of projects.

5. To supervise and co-ordinate the work of Contractors.
6. To liaise with Sworn Land Surveyors and land owners with regards to Grant of Entries, Memorandum of Surveys, and compulsory land acquisitions.
7. To monitor progress on projects and recommend corrective action, as and when required.
8. To liaise with local and other authorities, and general public for the facilitation of clearances and wayleaves.
9. To participate in meetings and committees and to conduct site meetings.
10. To process and certify claims for payment for projects under his responsibility.
11. To check that all deliverables submitted by consultants are in conformity with Terms of Reference and Scope of Works.
12. To perform such other cognate duties as may be assigned by the Company.

Mode of Application

Interested candidates are requested to submit their application letter, detailed Curriculum Vitae and provide copy of relevant academic certificates/working experience testimonials by registered post addressed to the **Chief Executive Officer, Drains Infrastructure Construction Ltd, 12th Floor, Hennessy Tower, 23B Pope Hennessy Street, Port Louis** by **Wednesday 03 April at 14.00 hrs**. Late submissions **will not** be considered.

Envelopes should be clearly marked on the top left-hand corner with the post being applied for.

The DICL reserves the right to convene only the best qualified candidate for interview and not to make any appointment following this advertisement.
