23B Pope Hennessy Street, Port Louis
Tel No: 260 1093 ; Fax No: 214 7115 ; BRN: C21183864

VACANCY

The Drains Infrastructure Construction Ltd (DICL) is a state-owned Company set up to fast track the implementation of the National Flood Management Programme across the island. It operates under the aegis of the National Development Unit (NDU) of the Ministry of National Infrastructure and Community Development and is inviting applications from suitable and eligible candidates for the post of **Technical Officer (Civil Engineering)**.

Remuneration: A package which shall be negotiable and commensurate with experience and qualifications of the selected candidate.

Terms of Employment: One year contract and renewable subject to satisfactory performance.

Qualifications, Experience and Key Competencies:

The candidates should:

- (i) possess a diploma in Civil Engineering from a recognised institution or an equivalent qualification acceptable to the Company.
- (ii) possess good organization, communication and leadership abilities.
- (iii) be able to work under pressure and meet deadlines.
- (iv) be fully conversant with and able to operate engineering software packages.

Candidates should produce written evidence of knowledge claimed.

Role and Responsibilities:

The Technical Officer will be responsible to the Officer-in-Charge and Civil Engineer/s for the following amongst others.

- (i) To assist DICL Technical Cadre Officers in the monitoring and supervision of ongoing drain projects across the island, including the setting out of the works, inspection of excavations, shuttering and steel reinforcement in the presence of the Consultant/s and Contractors.
- (ii) To attend meetings/site visits whenever required and to report accordingly.
- (iii) To prepare technical reports following site visits and surveys carried out.

- (iv) To assist the Consultant/s in surveys and levelling, in connection with proposed drain works, including the survey of existing buildings and other infrastructure along the proposed drain alignment.
- (v) To prepare drawings and plans related to survey works including contour plans, longitudinal and cross sections for minor drain projects.
- (vi) To assist Engineer/Senior Engineers (Civil) and other designated Officers in taking of quantities, preparation of bills of quantities and measurement of work on site.
- (vii) To use ICT in the performance of your duties.
- (viii) To perform such other duties directly related to the main duties listed above or related to the delivery of the output and results expected in the roles ascribed to you.

Mode of Application

Interested candidates are requested to submit their application letter, detailed Curriculum Vitae and provide copy of relevant academic certificates/working experience testimonials by registered post addressed to the **Officer-in-Charge, Drains Infrastructure Construction Ltd, 12th Floor, Hennessy Tower, 23B Pope Hennessy Street, Port Louis by Wednesday 21 August 2024 at 14.00 hrs.** Late submissions **will not** be considered.

Envelopes should be clearly marked on the top left-hand corner with the post being applied for.

The DICL reserves the right to convene only the best qualified candidate for interview and not to make any appointment following this advertisement.
