

DRAINS INFRASTRUCTURE CONSTRUCTION LTD

12th Floor, Hennessy Tower
23B Pope Hennessy Street, Port Louis
Tel No: 2601093 ; Fax No: 2147115 ; BRN: C21183864

The Drains Infrastructure Construction Ltd (DACL) is a state-owned Company set up to fast track the implementation of the National Flood Management Programme. It operates under the aegis of the National Development Unit (NDU) of the Ministry of National Infrastructure and Community Development and is inviting applications from suitable and eligible candidates for the posts of **Civil Engineer**.

Remuneration: A package which shall be negotiable and commensurate with experience and qualifications of the selected candidate.

Terms of Employment: One year contract and renewable subject to satisfactory performance.

Qualifications, Experience and Key Competencies:

The candidates should:

- (i) be registered with the Council of Registered Professional Engineers of Mauritius.
- (ii) possess a Degree in Civil Engineering from a recognised institution or an equivalent qualification acceptable to the Company.
- (iii) reckon at least 2 years' experience in design/supervision of Civil Engineering Projects and at least 1 year in drainage related infrastructure projects.
- (iv) possess good organization, communication and leadership abilities.
- (v) be able to work under pressure and meet deadlines.
- (vi) be fully conversant with and able to operate engineering software packages.

Candidates should produce written evidence of knowledge claimed.

Role and Responsibilities:

The Civil Engineer will be responsible to the Technical Manager for the following and amongst others.

1. To be responsible for the implementation of projects within the organisation.
2. To design drain infrastructure and civil engineering projects.
3. To be responsible for the supervision, monitoring and general management of projects under his responsibility.
4. To coordinate with Consultants in the design and supervision of projects.

5. To supervise and co-ordinate the work of Contractors.
6. To monitor progress on projects and recommend corrective action, as and when required.
7. To liaise with local and other authorities, and general public for the facilitation of clearances and wayleaves.
8. To participate in meetings and committees and to conduct site meetings.
9. To process and certify claims for payment for projects under his responsibility.
10. To check that all deliverables submitted by consultants are in conformity with Terms of Reference and Scope of Works.
11. To perform such other cognate duties as may be assigned by the Company.

Mode of Application

Application should be submitted in the form of a motivation letter together with a Curriculum Vitae, copies of academic certificates and working experience testimonials to the **Officer-in-Charge, Drains Infrastructure Construction Ltd, 12th Floor, Hennessy Tower, 23B Pope Hennessy Street, Port Louis by Monday 27 February 2023 at 14.00 hrs.** The post applied for should be clearly marked on the left-hand side of the envelope.

Late submissions **will not** be considered.

The DICL reserves the right to convene the best qualified candidates for an interview.
